EDUCATION

CVR College Of Engineering

B.Tech - Computer Science and Engineering - **CGPA - 9.5**

2021 - 2025

Hyderabad, INDIA

Sri Chaitanya Junior College

Class 12th - MPC - **98.2%**

2019 - 2021

Hyderabad, INDIA

Sri Chaitanya Techno School

Secondary School Certificate - **CGPA - 9.8**

2018 - 2019

Miryalaguda, INDIA

COURSEWORK

- Data Structures & Algorithms
- Operating System
- Database Management System (DBMS)
- OOPS Concepts
- Computer Networks
- Web Development

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript

Web Technologies: HTML, CSS, React, Node.js, Express, JQuery, Bootstrap, Tailwind

Developer Tools: Git/GitHub, VS Code, Android Studio, Eclipse

Database Platforms: SQL, MongoDB

PROJECTS

Real-Time Collaborative Code Editor 🚀 | MERN Stack

Jan 2024 - Feb 2024

- Led the development of a real-time collaborative code editor in a team of four, delivering a seamless environment for developers to work together efficiently during the Google BIT N BUILD Hackathon.
- Integrated an in-editor chat feature with sub-200ms response time, enabling instant communication and enhancing real-time collaboration without the need for external tools.
- Handled over 40 concurrent users during testing phases, showcasing the scalability of the application.

TextUtils 🚀 | ReactJS & Bootstrap

Mar 2024 - Apr 2024

- Implemented 5 text manipulation features, including transformations, formatting, and analysis tools, enhancing text input capabilities.
- Incorporated advanced text analysis features, such as word count and readability scores, enhancing user insights with a 15% increase in feature usage.
- Achieved cross-browser compatibility, ensuring smooth functionality on Chrome, Firefox, and Safari, with 95% user satisfaction reported during cross-browser testing.

Music App 🚀 | HTML, CSS & Java Script

Apr 2023 - May 2023

- Implemented basic playback controls (play, pause, stop), allowing users to seamlessly manage and control music tracks.
- Achieved a 98% user satisfaction rate during testing, reflecting the effectiveness and user-friendliness of the interface and overall functionality.
- Handled continuous playback for up to 10 hours without performance degradation, showcasing the stability of the music player.
